Carrying guns while intoxicated and after a felony conviction is not a great idea.

On 03/31/22/at approximately 12:30 am, Officers were dispatched to suspicious activity at 6900 E. Highway 11, when a caller reported a subject fleeing the area of a wrecked car with, what appeared to be a rifle.

While enroute to the call, dispatch notified officers of another caller, reporting that a person was carrying two rifles near the airport.

Our Helicopter Unit arrived in the area and observed the subject with the two rifles walking towards the airport.

Air support directed the closest Officer to the suspect's location. The Officer made contact with Dejaun Ratliff, who was walking towards the airport on Cargo Road.

Ratliff initially followed commands and dropped the firearms but then became uncooperative with officers. Ratliff eventually sat down on a curb and was taken into custody without further incident.

Ratliff was found to be very intoxicated.

Officers discovered that he was a convicted felon and was arrested for Possession of a Firearm AFCF, Carrying a Firearm while Intoxicated, Obstruction and Public Intoxication.

Ratliff did not make any threats towards the airport and it is possible that Ratliff became lost, due to his level of intoxication, and did not realize where he was.

This is an arrest and not a conviction

Carrocia violated your policies while doing a welfare check on a person suffering from mental illness

Officer may also place a person who appears to be in need of emergency mental health services based on the statement of a third party if the officer reasonably believes the behavior(s) of the person. The person upon whose statement the officer relies shall be a written statement (or third party individual's statement) to accompany the officer's report to the detention facility. Protective custody is intended only to prevent an armed, potentially disturbed person or others or in the case where a person requires immediate treatment to prevent progressively more debilitating mental impairment. 43A O.S. 5-20 that "Any peace officer who reasonably believes that a person is a person requiring protective custody as defined in 43A O.S. 5-103 shall take the person into protective custody and shall make every reasonable effort to take the person into custody in the most secure manner."

Burglar detained by Citizen with a Bat

Today, at 9:20 am, we were assigned to a Burglary in progress at 2200 S Troost Ave.

When we got there Officers contacted a neighbor who lives to the south of the victim residence and was standing in the driveway, holding one of the suspects at bay with a bat.

Just before detaining him he saw the two subjects walk north on Troost and then down the driveway to the back of his neighbor's house. He called his neighbor to the north to tell him about the burglary.

That neighbor looked over his back fence and observed two white males trying to pry open a window. His neighbor to the north then began filming over the fence and ran to the front of the residence to confront burglar #2.

He attempted to follow as the second subject fled and was lost in the neighborhood. The neighbor took very good video and hopefully the second suspect will be identified and charged soon.

When we get the video entered into evidence, we'll see if we can get it shared.

The suspect that was detained by the good citizen was Combs Whitaker.

Great job by these two observant neighbors.

This is an arrest and not a conviction.
